Metal Flex Corner® Tape

Metal Flex Corner® Tape is a quality flexible Corner Tape designed for use with joint compound to reinforce Gypsum Board corners prior to painting, texturing or wall papering.

Easy Installation

1. Apply first coat of Joint Compound
2. Gently press Metal Flex Corner® Tape into corner
3. Apply Finishing coats of Joint Compound

Metal Flex Corner® Tape

Manufactured from a special fibered-paper with added tensile strength to help prevent tearing, wrinkling or stretching

Galvanized steel strips provide excellent corner protection and resistance to rusting

Designed for use with all quality joint compounds

STORAGE OF METAL FLEX CORNER® TAPE

Tape should always be stored in closed cartons at normal room temperatures in an enclosed dry area.

ENVIRONMENTAL LIMITATIONS

When applying Gypsum Board Metal Flex Corner® Tape, follow the printed recommendations of the compound manufacturer. Apply tape only within their recommended minimum and maximum temperature range.

JOINT PREPARATION

Follow printed instructions on the joint compound container for mixing (if necessary) and use of compound prior to and during tape application.

NOTICE

We shall not be liable for incidental and consequential damages directly or indirectly sustained, nor for any loss caused by application of these goods not in accordance with current printed instructions or for other than intended use. Our liability is expressly limited to replacement of defective goods. Any claim shall be deemed waived unless made in writing to us within thirty (30) days from date it was or reasonably should have been discovered.
